Mr. Rodney Walker  
Peak Electrical Contractors  
1120 Industrial Drive  
Watkinsville, GA 30677

To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation for Mr. Rodney Walker and his newly established company, Peak Electrical Contractors. Over the past ten (10) years we have worked with Mr. Walker at four (4) of our facilities on numerous vital industrial electrical projects. His knowledge, project management skills, excellent customer service and professionalism were key contributing factors to the success of the following projects:

- Mixer #11 Power and Controls
- Mixer #12 Power and Controls
- Carbon Black Super Sac Unloading Building
- Carbon Black Super Sac System Controls
- Tread Extrusion Line Upgrade
- Component Extrusion Line Relocation
- Twin-Two Calender Relocation
- Mixer #6 and Ancillary Support Systems Controls

I highly recommend Mr. Walker and his team at Peak Electrical Contractors for your upcoming project.

Sincerely,

Frank D. Schrum, Jr., P.E.  
Engineering Project Manager  
North American Tire Operations
