

Johns Manville

Johns Manville Corporation
713 Bankhead Highway
Winder, GA 30680
770 867 0229

Johns Manville has utilized Rodney Walker expertise and services for over 10 years. We have found him to be extremely competitive in pricing and have always provided materials as promised and installation on time. We have worked together on projects and never encountered a problem that was not corrected or was not satisfied.

Rodney and his staff have always handled themselves in a professional manner in all of our endeavors. Standing behind their work and reacting quickly to any problems that may have arisen is the norm, not the exception.

Their response time is very quick. Due to the nature of our business, we have had occasion to need "above and beyond" service. They have made our company a priority, and we are impressed with the management of our account. The company deserves to be commended for its professionalism. The quality of their work is thorough. Their personnel are always professional, and it is very pleasant working with them.
